POLY VIDEO INTERMEDIATE EXAM BLUEPRINT
VIDINT-EX

OBJECTIVES

This exam is designed to help verify the knowledge of field engineers, support engineers and solution designers who will be deploying and supporting Poly video products as part of a customer Unified Communication solution.

The VIDINT-EX exam is a required component of the Poly Video Professional (VIDEO-PRO) certification.

EXAM OVERVIEW

The Poly Video Intermediate Exam (VIDINT-EX) is one of the components of the **Poly Expert Program**, and is designed to help to verify that the successful candidate has in-depth understanding of the Poly OS running on the X-Series and G7500, and the necessary knowledge to perform implementation, configuration and troubleshooting operations on all of the Poly video products including Poly Studio, X-Series, G7500 and the Group Series.

TARGET AUDIENCE

This exam is appropriate for field support engineers, customer helpdesk support, solution designers and administrators, responsible for deploying and supporting Poly video systems.

This is an Intermediate Level exam, and it is assumed that the test taker already has practical experience of deploying and supporting Poly video solutions.

ASSOCIATED CERTIFICATIONS

The Poly Video Intermediate Exam (VIDINT-EX) is one of the required elements of the following certification path:

- **Poly Video Professional** (**VIDEO-PRO**)

RECOMMENDED STUDY

Before approaching this exam, we recommend the following learning:
